

# FBV HONEYMOON PACKAGE

**Honeymooners can relax** while enjoying their welcome plate of cheese, fruits and champagne...Then head straight into the sea for a cool swim, followed by cocktails at sunset, a fantastic seaside dinner and a roaring nightly bonfire on the beach.

While staying with us at FBV the honeymooners can take their picnic lunch to a secluded beach, rent one of the 13 foot whalers, take a snorkeling excursions or kayak excursion through the creek to the boiling blue hole. Fishing is available, ..shelling on the pink sand North shore is amazing – there is no one there but yourselves. They can take an island tour and visit the hermitage, shop at the local straw vendor and have lunch. Massages can be arranged with a local masseuse who will come to their villa or cottage.

FBV is unique in it's close proximity to the beach, sun and sand. We only have 15 units spread over 50 acres so there's lot of room to spread out. It's quiet, private and friendly.
